DETAILED ACTION

Terminal Disclaimer

The terminal disclaimer filed on August 15, 2003 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of US Pat. No. 6,490,046 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Allowable Subject Matter

Claims 11-21 are allowed in view of the prior art.

The following is an examiner's statement of reasons for allowance:

As to claim 11, the prior art of record, taken either alone or in combination, fails to disclose or render obvious an interferometric measuring device for detecting one of a shape and a distance of a rough surface, in particular the measuring probe that contains both a measuring arm and a reference arm, the measuring arm allowing for measurement of the object while the reference arm takes a reference measurement of a flat surface, along with the claimed interferometer, in combination with the rest of the limitations of claim 11.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
